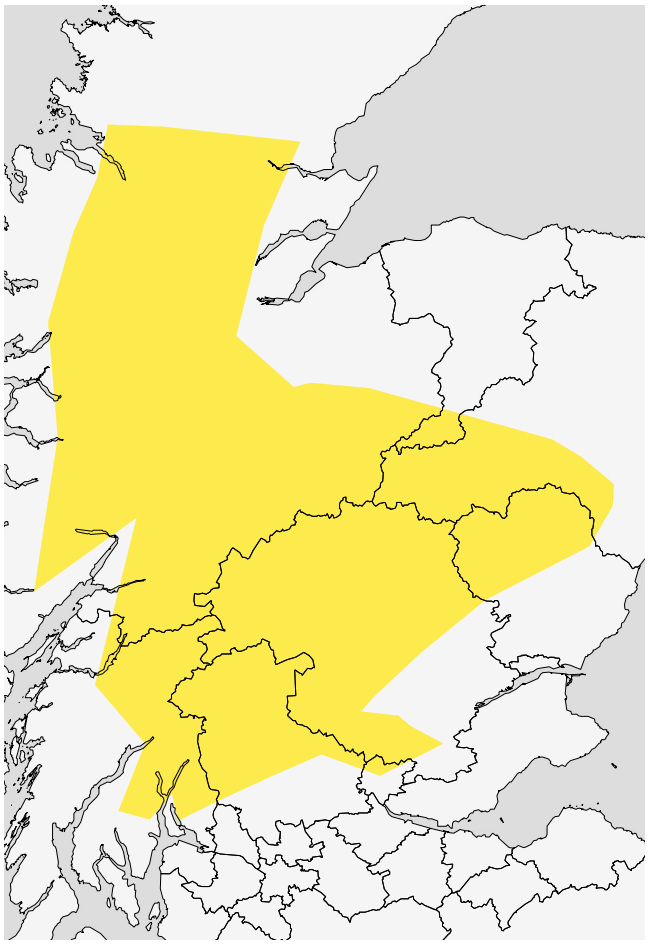
Yellow warning
Snow

Between
15:00 Sat 29 Feb 2020 and
23:59 Sun 1 Mar 2020



Persistent snow is likely over higher parts of Scotland leading to travel disruption.

What to expect

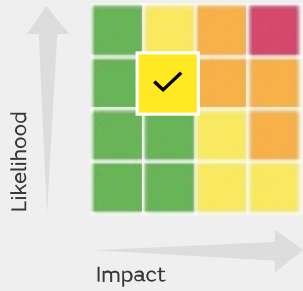
- Some roads and railways likely to be affected with longer journey times by road, bus and train services

Further details

Rain and hill snow over west Scotland will continue northwards on Sunday, generally easing before clearing to showers on Sunday evening.

A further 2-5 cm of snow is possible above around 300 m with some routes above 500 m seeing a further 10 cm on Sunday.

As the more organised areas of rain and snow clear to showers ice is likely to become more of an issue.



✓ Medium likelihood of low impacts
